Splashing in puddles, shouting at the top of your voice, collecting sticks, climbing trees and chatting to the snails, slugs, ants, spiders, ladybirds and worms.

Make time for the things that help you grow... Keep going, keep growing. Stay wild my child.

I first became aware of the peregrines in the city about 7 years ago when I worked at City Hall and we watched them nesting on a building across the road.

Since they were encouraged by the Leicestershire and Rutland Ornithological Society to relocate to the cathedral, I have followed them avidly.

This is a picture of one of this year's fledglings looking out over our wonderful, interesting, variegated city where wildlife, architecture, colour and culture can enrich all of our lives.

Around the tree are flowers, bees and butterflies – pollinators we need to survive!

My inspiration for this piece came from the Autumn, the colours and the patterns.

The tree trunk representing the strength of love I get from my family and friends, the branches are like arms reaching out and wrapping around me.

The words are the things that are most important to me.
